### 1. MEASUREMENTS / TASKS

| Run                 | Length (ft) | Post spacing (ft) | Height (ft) | Sections  | Line posts | Gates    | Waste % |
|---------------------|-------------|-------------------|-------------|-----------|------------|----------|---------|
| Back line (example) | 120         | 8                 | 6           | 15        | 16         | 0        | 5%      |
| Left side           | 0           | 8                 | 6           | 0         | 0          | 0        | 5%      |
| Right side          | 0           | 8                 | 6           | 0         | 0          | 1        | 5%      |
| Front               | 0           | 8                 | 4           | 0         | 0          | 1        | 5%      |
| <b>Totals</b>       | <b>120</b>  |                   |             | <b>15</b> | <b>16</b>  | <b>2</b> |         |

Sections = length / post spacing, rounded up. Line posts = sections + 1 per straight run (corners shared between runs: subtract by hand). Add waste % to pickets/rails when you order.

Not included (unless listed above): property survey or line disputes, rock or concrete in post holes beyond normal digging, sprinkler repair, landscaping restoration, HOA fees.

### 5. TERMS (edit to fit your business; have them reviewed for your state)

Deposit: \_\_\_\_% due at signing. Balance due: \_\_\_\_\_.

Property lines: the customer confirms the fence line; we build on the line the customer marks unless a survey is provided.

Utilities: we request utility locates before digging; private lines (sprinklers, low-voltage) are the customer's responsibility to mark.

Changes: any change to length, height, style or gates is priced in writing before the work is done.

This estimate is valid until the date above. Prices are based on the measurements in section 1.
